

# Alternative Living Environments

How Can We Help  
You?

## What Would You Like, How Can We Support you?

Hawthorne Foundation Development Corporation has been supporting people who have developmental and intellectual disabilities since the early 1980's. We are the first certified school in the State of New York who has mastered Applied Behavior Analysis. HFDC helps people learn and develop the skills they need to live meaningful, purposeful and happy lives.

Throughout the years, we have learned that individualization and intimate settings provides the learner a better opportunity to succeed. We can provide the same perspective when it comes to the homes of our former students and members of our communities with our staff of State Certified Housing Navigators.

## Key Offerings

It is our goal to ensure you have the ability to live the most independent, integrated, and quality meaningful life as possible! Through the efforts of you, your circle of support and our team we will work to ensure you are safe in the home of your dreams!
